

AT&T International Day Pass® for Business – Multiline

Use your domestic plan while traveling abroad for a low daily fee.

With AT&T International Day Pass® for Business – Multiline, your organization's Corporate Responsibility Users can take their eligible unlimited plans¹ with them when traveling in over 210 destinations and on select enabled international flights ("Enabled Flights") (collectively, "IDP Destinations"). Pay a low daily fee per device only on the days your users use their devices, and save money when more than 1 line on the same billing account is charged an International Day Pass for Business – Multiline daily fee on the same calendar date – **you'll be charged the standard \$10 daily fee for at least 1 of the lines and a reduced daily fee of \$5 per line for up to 4 of the other lines!** Add the feature once to each user's line to make it available whenever your users travel in included IDP Destinations.

AT&T International Day Pass® for Business – Multiline (IDPBM) includes:

Unlimited data from your domestic plan ¹	Unlimited talk from your domestic plan	Unlimited text from your domestic plan	Total number of lines on your billing account that are charged an IDPBM daily fee on the same calendar date: ²		
In IDP destinations	From IDP destinations to IDP Destinations and the U.S.	From IDP destinations to the world	1 line	2-5 lines	6 or more lines
			\$10/day	\$10/day for line 1 \$5/day for other lines (up to 4)	\$5/day for 4 lines \$10/day for the other lines

Taxes and fees extra.

¹ Package is available only with an AT&T Business Unlimited Elite or AT&T Business Unlimited Performance plan (see att.com/bizunlimited and att.com/origuyw, as applicable). Data is drawn from your domestic plan with same data and speed restrictions. If your domestic plan includes the Video Management feature (att.com/videofeature), the same will apply to your AT&T International Day Pass for Business – Multiline package. For AT&T Business Unlimited Performance: After 50GB, AT&T may temporarily slow data speeds if the network is busy.

² Calendar date is determined by your local U.S. time zone, not the country visited. The line(s) charged \$10 are not necessarily the line(s) used first on that date.

For a list of included IDP Destinations, go to att.com/globalcountries.

AT&T INTERNATIONAL DAY PASS® FOR BUSINESS – MULTILINE: Available only to business and government customers with a qualified AT&T wireless service agreement (**Business Agreement**) and only for qualified Corporate Responsibility User (CRU) lines of service on an eligible domestic postpaid AT&T Business Unlimited Elite plan or AT&T Business Unlimited Performance plan. Compatible device required. See att.com/bizunlimited or att.com/origuyw, as applicable, for domestic plan details. **ADDING TO YOUR DEVICE:** Once you add this option to your CRU device, IDPBM will stay on your line until you remove it online at att.com/myatt or att.com/premier (as applicable), by calling 800.331.0500, or by contacting your AT&T account representative. **DAILY FEE:** The first time you use data, make or receive a call, or send a text message in an IDP Destination (see below), you'll automatically be charged a daily fee. Text messages received are rated as domestic and do not trigger a daily fee. The fee covers additional data, calls, and text messages for 24 hours from the initial use in any IDP Destination. You'll be charged an additional daily fee for all subsequent 24-hour periods in which you use data, make or receive a call, or send a text message in an IDP Destination, unless you remove IDPBM. **Reduced Daily Fee:** The standard daily fee is \$10 per day per line. However, when 5 or fewer lines on your billing account are charged an IDPBM daily fee on the same calendar date, 1 of these lines will be charged the standard daily fee of \$10, and the rest of the lines will be charged a reduced daily fee of \$5 per line. When 6 or more lines on your billing account are charged an IDPBM daily fee on the same calendar date, 4 of these lines will be charged the reduced daily fee of \$5 per line, and the remaining 2 or more lines will be charged the standard daily fee of \$10 per line. Calendar date is determined by your local U.S. time zone, not the country you visited. The line(s) charged \$10 are not necessarily the line(s) used first on that date. **DESTINATIONS:** Includes usage in over 210 destinations listed at att.com/globalcountries and on select enabled international flights (**Enabled Flights**) (each an **IDP Destination** or, collectively, the **IDP Destinations**). Coverage is not available in all areas. IDP Destinations and rates are subject to change without notice. **Mexico and Canada:** You will not be charged a daily fee in Mexico or Canada if you have a domestic plan that includes usage in Mexico or Canada. **Latin America:** AT&T Business Unlimited Elite customers and other qualified customers with Roam Latin AmericaSM for Business will not be charged a daily fee in any of the Latin American countries that are included in their phone plan. See att.com/latamcountries for a list of included countries. **Cellular networks on select airlines:** For a list of participating airlines and Enabled Flights, go to att.com/globalcountries. Participating airlines and Enabled Flights are subject to change without notice. Passengers of participating airlines are not guaranteed to be on an Enabled Flight. Device must be on, with Airplane Mode and Wi-Fi turned off and data roaming and cellular data turned on to use the cellular network on an Enabled Flight. Cellular service on an Enabled Flight is available only at greater than 200 nautical miles outside of the U.S. border and above 20,000 feet cruising altitude. In the event of satellite interruption or regulatory constraint, airline cellular services may be disrupted or disabled. **DATA:** Data will be drawn from your domestic plan with the same data and speed restrictions. For customers with an AT&T Business Unlimited Performance plan, the plan's Video Management feature will also apply to the IDPBM feature. **Data Restriction for AT&T Business Unlimited Performance: After 50GB, AT&T may temporarily slow data speeds if the network is busy.** **Incidental data usage:** Apps on your device use data even when you may not be aware. Such usage may trigger a daily fee. To avoid unintended use of IDPBM, turn off cellular data roaming in your device settings. **UNLIMITED TALK:** For phones only. Includes cellular calls received in IDP Destinations and made from IDP Destinations to the U.S. and to other IDP Destinations. **Calls to non-IDP Destinations:** Calls from IDP Destinations to non-IDP Destinations will be subject to International Long Distance (ILD) charges. Pay-per-use rates apply unless you add an ILD package to your device. Rates are subject to change without notice. For details, go to att.com/internationalcalling. **UNLIMITED TEXT:** For phones only. Applies only to AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) and not to other messaging services or applications like iMessage. Messages received are rated as domestic and do not trigger a daily fee. **AT&T PASSPORT®/AT&T PASSPORT® PRO:** For devices with IDPBM and an active AT&T Passport or AT&T Passport Pro package, IDPBM charges will apply in IDP Destinations and usage in IDP Destinations will not reduce the Passport or Passport Pro data allowance, trigger Passport calling charges, or offset the Passport Pro voice allowance. If you want to use Passport or Passport Pro in an IDP Destination, you must remove IDPBM. **PAY-PER-USE RATES:** Apply when traveling in destinations not included in IDPBM and/or when you have not added a package. For rates, see att.com/intlppurates. **SERVICE RESTRICTIONS:** International use aboard cruise ships is not included. Not available for wireless home phone services, connected vehicles, or connected devices. Pay-per-use international rates will apply.

GENERAL: Subject to the applicable Business Agreement. Availability, quality of coverage, and services while roaming are not guaranteed. Additional restrictions may apply.

AT&T International Day Pass® for Business – Multiline Travel Tips

Enable your Corporate Responsibility Users to use your domestic plan when they travel in over 210 destinations and on select enabled international flights (“Enabled Flights”) (collectively, “IDP Destinations”) for a low daily fee of \$10/day per line (\$5/day per line for up to 4 other lines on the same billing account that incur a daily fee on the same day). Add International Day Pass for Business – Multiline (IDPBM) to each device on an AT&T Business Unlimited Elite plan or AT&T Business Unlimited Performance plan¹ before your Corporate Responsibility Users travel, then follow these tips to help manage costs and make the most of their work travel.

How it works

While abroad, if your Corporate Responsibility Users use data, send a text, make or accept a call or listen to a voicemail, you will be charged a per line daily fee for them to have access to their domestic plan for the next 24 hours. During that period, your users can:

- Use domestic data to email, post on social media, use maps, convert currency, translate languages, book excursions, use mobile tickets and more.
- Make unlimited calls back to the U.S., to the country they’re in and to other IDP Destinations.
- Send unlimited texts to the world. Texts received are rated as domestic and do not trigger a daily fee.

How to help manage costs

When users don’t plan to use their phones, they should turn off Data Roaming in their device settings to avoid being charged for unintentional data usage.

Users can save data by connecting to Wi-Fi, especially to download or send large files, and when streaming video.

How to call, text and use data internationally

- To call or send a message back to the U.S., dial +1 followed by the 10-digit number.
- To call or send a message to another country, dial + (country code) followed by the local phone number.
- Some devices have settings that automatically add the correct prefix or country code when calling numbers stored in your Contacts. For iOS, turn on Dial Assist in your device Settings.
- To use cellular data, make sure Data Roaming is turned on in your device Settings.

¹ For AT&T Business Unlimited Performance: After 50GB, AT&T may temporarily slow data speeds if the network is busy.
