

## Get Schooled on AT&T Roadside Assistance

Many high school and college students will be making the daily commute back and forth to school this year by car, either as a driver or as a passenger. It's good to know that, if an automotive mishap should happen, fast reliable help is just a phone call away with AT&T Roadside Assistance.

AT&T Roadside Assistance follows your wireless phone, so you can use it no matter whose car you're in or who is driving. In fact, anyone authorized to use your phone can take advantage of this service as long as the enrolled phone is present at the time of service.

Services include:

- **Towing:** In the event of a mechanical failure, car will be towed to a destination of your choice.
- **Battery service:** Get a boost if your battery dies.
- **Flat tire assistance:** We'll put on your spare or provide a tow.
- **Fuel delivery:** Up to 3 free gallons of gasoline or diesel delivered to your vehicle if you run out of gas.
- **Lockout assistance:** We'll unlock your vehicle and get you back behind the wheel.
- **Key replacement:** We'll provide you with a new key.

AT&T Roadside Assistance provides 24/7 roadside service throughout the United States, Canada, Puerto Rico, and the U.S. Virgin Islands. The service is only \$2.99 per month and is automatically billed to your wireless account. There is no long-term contract required, and you may cancel at anytime by contacting AT&T (611 from your wireless phone or 866-246-4852) or by visiting [www.att.com/mywireless](http://www.att.com/mywireless). New customers that enroll in the program get their **first 30 days FREE**. Coverage is effective 72-hours after enrollment and includes up to four service events per year with a maximum benefit of \$50.00 per event. Refer to the AT&T Roadside Assistance Welcome Kit for complete terms and conditions.

If you are interested in enrolling in the program, you may do so online at [www.att.com/mywireless](http://www.att.com/mywireless). For more information, text "YES" to 2825.
