

Upgrading Your Device

Subsidized Pricing

- Discounted device pricing with a two-year service commitment.
- Eligible for an upgrade after 24 months.
- Eligible for a partial discount after six months for an early upgrade.
- Share an upgrade with another person on your account within the same device category.

AT&T Next

A new way to get a **new device** every year.

After 12 monthly payments, trade it in and upgrade to a brand new device. Or choose to keep using it and, after 20 months, there are no more installment payments.

- No down payment
- No upgrade fee
- No activation fee
- No financing fee

No-Commitment Pricing

- Purchase a device at full retail price without a two-year service commitment.
- Or bring your own GSM-capable device.

Trade-In Program

- Trade in your device and get an AT&T promotion card good towards the purchase of AT&T products and services.

To check upgrade eligibility

Visit att.com/wireless, or dial *NEW# (*639#) from your wireless device to get a text with your upgrade date.
