

## AT&T Business Try and Buy Terms and Conditions

Effective 2/15/21 | Revised 7/15/21

---

Thank you for choosing AT&T. These AT&T Business Try and Buy terms and conditions (**Trial Terms**) are between you, on behalf of your business entity and users (**You**), and AT&T Mobility National Accounts LLC and its affiliates (**AT&T**). You will be bound by these Trial Terms once You accept them.

### HOW DO YOU ACCEPT THE TRIAL TERMS?

You accept these Trial Terms by powering on, connecting to and/or using the Trial Device.

### WHAT IS INCLUDED IN THESE TRIAL TERMS?

You should read the Trial Terms carefully, as they include important information about:

- Resolution of disputes by arbitration; waiver of class actions and jury trials.
- The Trial Device
- The AT&T services provided to You as part of the Trial Program
- Your consent to receive marketing information from AT&T
- And other important information, including Privacy, limitations of liability, warranty disclaimers, and governing law.

In addition, AT&T's Privacy Policy found at [att.com/privacy](http://att.com/privacy), AT&T's Network Management Policies found at [att.com/broadbandinfo](http://att.com/broadbandinfo), and AT&T's Acceptable Use Policy found at [att.com/AcceptableUsePolicy](http://att.com/AcceptableUsePolicy) apply to You when You use AT&T's wireless network and services. AT&T can revise these policies at any time without notice by updating such websites.

### HOW DO YOU RESOLVE DISPUTES WITH AT&T?

You and AT&T (collectively, **We**) agree to resolve all disputes between us through binding arbitration administered by the American Arbitration Association (**AAA**) under its Commercial Arbitration Rules, as modified by this provision. The agreement to arbitrate is broad and includes disputes of any type between AT&T (including its subsidiaries, affiliates, agents, predecessors, successors, and assigns) and You (including authorized or unauthorized users/beneficiaries of services or devices) under this or prior agreements. **WE AGREE THAT WE ARE WAIVING THE RIGHT TO A TRIAL BY JURY, TO PARTICIPATE IN A CLASS ACTION, OR TO SEEK REMEDIES BEYOND THE EXTENT NECESSARY TO PROVIDE INDIVIDUALIZED RELIEF TO, AND AFFECTING ONLY, AT&T OR YOU ALONE. WE AGREE NOT TO ACT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED OR DE FACTO CLASS OR REPRESENTATIVE PROCEEDING, OR AS A PRIVATE ATTORNEY GENERAL OR ON BEHALF OF THE GENERAL PUBLIC.** Except for matters relating to arbitrability or to the scope and enforceability of the arbitration provision or the interpretation of the limitations on class, representative, private attorney general, and non-individualized relief, all issues are for the arbitrator to decide. A party seeking arbitration must first send to the other, by certified mail, a written Notice of Dispute (**Notice**). Notice to AT&T must be addressed to: Office of Dispute Resolution, AT&T, 1025 Lenox Park Blvd., Atlanta, GA 30319 (**Notice Address**). The Notice must (a) describe the basis of the claim or dispute; (b) describe the specific relief sought (**Demand**); and (c) provide your AT&T account number. If We do not resolve the claim within 30 days after receipt of the Notice, either of us may commence an arbitration. The amount of any settlement offer made by AT&T or You shall not be disclosed to the arbitrator until after the arbitrator determines the amount of any award on the merits. Unless We agree otherwise, any arbitration hearings will take place in the county of your billing address. AT&T will pay all AAA filing, administration, and arbitrator fees for a claim brought by AT&T or for a claim or Demand valued at up to \$25,000 brought by You. If the arbitrator finds that your claim or Demand is frivolous or is brought for an improper purpose (as measured by the standards in Federal Rule of Civil Procedure 11(b)), then the payment of fees will be governed by the AAA rules and You agree to reimburse AT&T for fees already paid by AT&T that are your obligation under the AAA rules. If You complied with the notice procedures above; the value of your claim or Demand is \$25,000 or less; and the arbitrator awards you an amount greater than the value of AT&T's last written settlement offer made before an arbitrator was selected (or any amount if AT&T made no offer), AT&T will: a) Pay You the award or \$10,000, whichever is greater ('Alternative Payment'); and b) Pay your attorney, if any, the amount of attorneys' fees and expenses (including expert witness fees and costs) that your attorney reasonably accrues for investigating, preparing and pursuing your claim in arbitration (**Attorney Award**). The

arbitrator may rule on the payment of fees, expenses, and the Alternative Payment and Attorney Award during the proceeding and within 14 days after his/her final ruling on the merits. In assessing whether the award is greater than the value of AT&T's last written settlement offer, the arbitrator may consider only those attorneys' fees or expenses that You incurred through the date of your Notice and which had been awarded to You. You may also recover attorneys' fees and expenses under applicable law, but you may not recover duplicative awards of attorneys' fees or expenses. The Agreement evidences a transaction in interstate commerce, and the Federal Arbitration Act governs. This arbitration provision survives termination of the Agreement. As the exclusive alternative to arbitration, AT&T or You may commence an individual action in Small Claims Court. If a court rejects enforcement of any of the limitations on class, representative, private attorney general, or non-individualized relief as to a particular claim for relief, then that claim (and only that claim) must be severed from the arbitration and may be brought in court. Notwithstanding any provision in the Agreement to the contrary, We agree that if AT&T makes any future change to this arbitration provision (except a change to the Notice Address) during your Service Commitment, You may reject any such change by sending AT&T written notice within 30 days of the change to the Notice Address. By rejecting any future change, You agree to arbitrate any dispute in accordance with the language of this provision.

## WHAT DO YOU GET WITH THE TRIAL PROGRAM?

You will receive an AT&T SIM Card and Trial Device and access to up to 50GB of domestic wireless data service for use on the AT&T 4G LTE network. Once You activate the Trial Device, Test out the AT&T 4G LTE network for free for 30 days or 50GB, whichever comes first. (the **Trial Period**). The Trial Period starts on the date specified in the email confirmation You receive after AT&T activates the Trial Device for You. .

**Coverage:** Coverage is available only within the U.S. (**Domestic Coverage Area**). Service is not available everywhere, coverage may include areas that are served by unaffiliated carriers, and coverage is subject to change without notice. See [att.com/coverageviewer](http://att.com/coverageviewer) for coverage details. Coverage areas vary between AT&T network technologies. Actual network speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints. International Roaming is excluded.

**Additional Information About the Trial Device:** The Trial Device will connect up to 16 Wi-Fi capable devices, comes with a rechargeable 2,300 mAh battery, and provides Dual Band Wi-Fi support with password protection and Wi-Fi security protocols as well as a Web User Interface to manage settings and features.

We may periodically program your Trial Device remotely with system settings for roaming service, to direct your Trial Device to use network services most appropriate for your typical usage, and other features that cannot be changed manually. You agree that you won't make any modifications to the Trial Device or its programming to enable the Trial Device to operate on any other system. AT&T may, at its sole and absolute discretion, modify the programming to enable the operation of the Trial Device on other systems.

Your Trial Device from AT&T has been programmed with a SIM lock which will prevent it from operating with other compatible wireless telephone carriers' services. This SIM lock will be in effect for a minimum of one year from the Trial Period start date. If at the end of this minimum one year period You wish to use this Trial Device with the service of another wireless telephone carrier, AT&T will unlock Your device upon Your request if AT&T has the Unlock Code (where applicable) or can reasonably obtain it from the manufacturer. To request the unlocking of Your Trial Device, please visit [att.com/deviceunlock](http://att.com/deviceunlock). The pre-installed/embedded software, interfaces, documentation, data, and content provided on the Trial Device provided and designed for use exclusively on AT&T's system as may be updated, downloaded, or replaced by feature enhancements, software updates, system restore software or data generated or provided subsequently by AT&T (hereinafter **Software**) is licensed, not sold, to You by AT&T and/or its licensors/suppliers for use only on such Trial Device. Your use of the Software shall comply with its intended purposes as determined by AT&T, all applicable laws, and AT&T's Acceptable Use Policy at [att.com/AcceptableUsePolicy](http://att.com/AcceptableUsePolicy). You are not permitted to use the Software in any manner not authorized by this License. You may not (and You agree not to enable others to) copy, decompile, reverse engineer, disassemble, reproduce, attempt to derive the source code of, decrypt, modify, defeat protective mechanisms, combine with other software, or create derivative works of the Software or any portion thereof. You may not rent, lease, lend, sell, redistribute, transfer or sublicense the Software or any portion thereof. You agree the Software contains proprietary

content and information owned by AT&T and/or its licensors/suppliers. AT&T and its licensors/suppliers reserve the right to change, suspend, terminate, remove, impose limits on the use or access to, or disable access to, the Software at any time without notice and will have no liability for doing so. You acknowledge AT&T's Software licensors/suppliers are intended third party beneficiaries of this license, including the indemnification, limitation of liability, and disclaimer of warranty provisions found in these Trial Terms.

**Additional Information About The Wireless Data Service:** AT&T's wireless data network is a shared resource, which AT&T manages for the benefit of all of its customers so that they can enjoy a consistent, high-quality mobile broadband experience and a broad range of mobile Internet services, applications and content. However, certain activities and uses of the network by an individual customer or small group of customers can negatively impact the use and enjoyment of the network by others. Therefore, certain activities and uses of AT&T's wireless data service are permitted and others are prohibited. The terms and conditions of Your use of AT&T's wireless data service are set forth below.

- **Permitted Activities.** AT&T's wireless data services are intended to be used for the following permitted activities: (i) web browsing; (ii) email; and (iii) intranet access if permitted by your rate plan (for example, access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation); (d) uploading and downloading applications and content to and from the Internet or third-party application stores, and (e) using applications and content without excessively contributing to network congestion. You agree to use AT&T's wireless data services only for these permitted activities.
- **Prohibited Activities:** AT&T's wireless data services are not intended to be used in any manner which has any of the following effects and such use is prohibited if it: (a) conflicts with applicable law, (b) hinders other customers' access to the wireless network, (c) compromises network security or capacity, (d) excessively and disproportionately contributes to network congestion, (e) adversely impacts network service levels or legitimate data flows, (f) degrades network performance, (g) causes harm to the network or other customers, (h) is resold either alone or as part of any other good or service (i) there is a specific data plan required for a particular use and you have not subscribed to that plan, or (j) You or your users use or assist others to use the Service or Trial Device for any unlawful, unauthorized, abusive or fraudulent purpose.

The following specific uses of AT&T's wireless data service are prohibited:

- AT&T's wireless data services may not be used in any manner that defeats, obstructs or penetrates, or attempts to defeat, obstruct or penetrate the security measures of AT&T's wireless network or systems, or another entity's network or systems; that accesses, or attempts to access without authority, the accounts of others; or that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' Internet-based resources. For example, this includes, but is not limited to, malicious software or "malware" that is designed, intentionally or unintentionally, to infiltrate a network or computer system such as spyware, worms, Trojan horses, rootkits, and/or crimeware; "denial of service" attacks against a network host or individual user; and "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email).
- AT&T's wireless data services may not be used in any manner that has the effect of excessively contributing to network congestion, hindering other customers' access to the network, or degrading network performance by maintaining a sustained and continuous wireless data service connection or active wireless Internet connection. For example, this includes, but is not limited to, server devices or host computer applications such as continuous Web camera posts or broadcasts, automatic data feeds, or automated machine-to-machine connections; "autoresponders," "cancel-bots," or similar automated or manual routines that generate excessive amounts of traffic or that disrupt user groups or email use by others; use of the service as a substitute or backup for private lines or full-time or dedicated data connections; peer-to-peer (P2P) file sharing services; and software or other devices that maintain continuous active Internet connections when a connection would otherwise be idle or any "keep alive" functions, unless they adhere to AT&T data retry requirements (as may be modified from time to time).
- AT&T's wireless data services also may not be used with high bandwidth applications, services and content that is not optimized to work with AT&T's wireless data services and, therefore disproportionately and excessively contribute to network congestion. This includes, but is not

limited to, redirecting television signals for viewing on computing devices, web broadcasting, and/or the operation of servers, telemetry devices, or supervisory control and data acquisition devices, unless they meet AT&T's wireless data services optimization requirements.

You agree not to use AT&T's wireless data services for any of the above prohibited activities.

**AT&T's Rights to Ensure Compliance.** You agree that AT&T has the right to cancel, suspend, or terminate the Trial Program without notice if you use AT&T's wireless data services in any manner that is prohibited.

**AT&T Wi-Fi Services & Wi-Fi Calling:** AT&T Wi-Fi service use with a Wi-Fi capable wireless device is subject to the Terms of Services & Acceptable Use Policy found at [att.com/attwifitosaup](http://att.com/attwifitosaup). Your use represents your agreement to those terms, incorporated herein by reference. AT&T Wi-Fi Basic service is available at no additional charge to wireless customers with select Wi-Fi capable devices and a qualified data rate plan. Other restrictions may apply.

**PLEASE CAREFULLY READ THE INFORMATION BELOW. IT CONTAINS IMPORTANT INFORMATION REGARDING LIMITATIONS OF 911 FUNCTIONALITY. YOU ACKNOWLEDGE THESE LIMITATIONS AND AGREE TO SHARE THESE LIMITATIONS WITH ANYONE WHO MAY USE YOUR SERVICE TO PLACE CALLS OR SEND TEXTS.**

- **TTY Devices are not compatible with Wi-Fi Calling.**
- Wi-Fi Calling lets you make calls and send text messages over Wi-Fi when cellular coverage is limited or unavailable. Your device must be set to AT&T HD voice and have Internet access. Loss of your Internet connection during voice Wi-Fi Calling will disconnect your call, including 911 calls. In the U.S., you can use Wi-Fi Calling to call numbers in the U.S. at no additional charge (excluding 411 calls and other premium numbers). No Wi-Fi Calling to 211, 311, 511, and 811. See [att.com/wificalling](http://att.com/wificalling) for more info.
- **911 Calling with TTY & Real-Time Text.** Due to technical limitations, Wi-Fi Calling cannot be used with TTY devices and will not support TTY 911 calls. Persons with communications disabilities can use Real Time Text ([att.com/RTT](http://att.com/RTT)) as an alternative to TTY. 911 services can be reached by either (1) calling 911 using Real Time Text (2) calling 911 directly using a TTY device over the cellular network or from a landline telephone, or (3) sending a text message to 911 directly, or (4) using relay services to place a TTY or captioned telephone services (CTS) call from a wireless phone or from a landline telephone, or (5) using relay services to place a IP Relay or IP CTS call over a cellular or IP network.
- **911 Call Routing.** 911 calls using Wi-Fi Calling will first attempt to route to the appropriate emergency response center using automatic location information from your device. If such information is unavailable, the Emergency Address (No P.O. Boxes) entered in your Wi-Fi Calling settings will be used for routing. To set up Wi-Fi Calling you will need to enter a US address. You can change your Emergency Address at any time by selecting "Update Emergency Address" in your Wi-Fi Calling menu. To ensure proper routing of 911 calls update your Emergency Address as needed. 911 service may be delayed or unavailable if automatic location information is unavailable or if using Wi-Fi Calling from a location different from the Emergency Address you entered.
- **You acknowledge that you received and understand the foregoing information about 911 calls using Wi-Fi Calling, and you further agree that if you dial 911 on a device using Wi-Fi Calling, AT&T may treat the automatic location information transmitted by your device as your temporarily updated Wi-Fi Calling Emergency Address.**

#### **WHAT HAPPENS AT THE END OF THE TRIAL PERIOD?**

Once You reach 30 days or 50GB, AT&T will terminate service to the Trial Device automatically. If You wish to continue service beyond the Trial Period, You must enter into a commercial agreement with AT&T. On or about 30 days after the Trial Period start date, your AT&T representative will call to discuss the trial and provide details on how You can sign up for commercial service.

Please note that You do not need to wait for the expiration of the Trial Period to enter into a contract with AT&T for paid commercial service. You can contact your dedicated AT&T representative at any time to enter into a commercial agreement and migrate your Trial Device. For technical assistance with your product or service, Business Support can be reached at (877)705-1869.
